

REMARKS

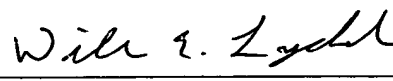

In the Notice of Non-Compliant Amendment of March 2, 2005, the amendment document filed on March 19, 2004 has been considered non-compliant because it has failed to meet the requirements of 37 CFR 1.121.

In the Amendments to the Claims, the status identifier (Currently Amended) is inserted after claim numbers 4 and 5, respectively. Therefore, the Amendments to the Claims is now believed to comply with the requirements of 37 CFR 1.121.

These amendments to the claims, which have not been made to overcome a rejection based on prior art, should be considered to have been made for a purpose unrelated to patentability, and no estoppel should be deemed to be attached thereto.

If there should be any questions, the Examiner is invited to contact the undersigned at the telephone number listed below.

Respectfully submitted,
